- More information on what AWSC is and it's purpose.
- Requesting...
  - More breakouts, more conversation, more networking, KBDM, more skits, AI-Anon meeting, more fellowship, GR training, Info on how motions are developed.

### **Do we need to formalize breakout sessions information at the next assembly?**

#### **Thoughts...**

- The exchange of experience, strength and hope was enough.
- If you have more information on the breakout session you attended at Fall Assembly we hope to set aside time for you to share at Spring Assembly.
- Possible mentor relationship opportunities

**Alateen** will be an Assembly agenda item and not a breakout session.

### **New GR Information Sharing at Assembly (Formerly New GR Training)**

Encourage Districts to give new GRs training. IE Other GRs that have been at assembly could do or DR.

### **New GR Service Sponsor during Assembly:**

Elaine will coordinator with Assembly Registrar so that new GRs can have a service sponsor during Assembly to answer questions.

**KBDM** (Knowledge Based Decision Making) - Elaine will do a 30 minute presentation at Spring Assembly. it was discussed that we do this presentation every 3 years.

**Under consideration:** Do we want to do more of the business of AWSC via conference call so that either this meeting is shorted or we have time to do other types of activities? As a result of this conversation the following task force was created:

**ASWC/Assembly Task Force was created** Members: Elaine D., Connie W., Carol D., Lori K., and Sylka L.

**Question** - If we consider doing more of the AWSC business via conference call how do we go about getting as many as possible attending?

**Upcoming Elections Fall 2018 -**

- All positions will be up for election.
- We will be getting information out in many different ways. So please look for...
